Grossmont College Academic Senate

What are the Senate's role and responsibilities?

The Academic Senate, representing the faculty of Grossmont College, consults collegially with both the college administration and the Governing Board (in line with AB1725) to reach mutual agreement on the development of policies and procedures related to academic and professional matters.

What are academic and professional matters?

1. Curriculum, including established prerequisites and placing courses within disciplines;
2. Degree and certificate requirements;
3. Grading policies;
4. Educational program development;
5. Standards or policies regarding student preparation and success;
6. District and College governance structures as related to faculty roles;
7. Faculty role and involvement in the accreditation process, including the College's self-study and other annual reports;
8. Policies for faculty professional development activities;
9. Processes for program review;
10. Processes for institutional planning and budget development; and
11. Other academic and professional matter as mutually agreed upon between the Governing Board and the Academic Senate.

Things to Consider:

- The GC Academic Senate meets approximately 14 times per year (total of ~18.5 hours). It is important then, that we spend our time on:
 1. focused discussions
 2. gathering of information
 3. making decisions
- Listen respectfully and carefully to what is being said by your colleagues.
