Transfer credit entry guide

Cal State Apply – Transfer Credit Entry

The CSU uses self-reported coursework to calculate an overall GPA, and to determine admission eligibility. Failure to report all coursework completed may adversely affect your admission eligibility and could result in a denial decision.

In the Academic History quadrant transfer applicants enter detailed information about their education background. All tiles within the quadrant must be completed. The following pages provide detailed instructions for completing the three tiles in the quadrant pertaining transfer credit.

First complete the [Colleges Attended](#) tile, including all post-secondary institutions attended.

Next complete the [Transcript Entry](#) tile, entering ALL courses.

Lastly, in the [General Education](#) tile, assign transfer courses to the required CSU GE subject categories

1.0 Colleges Attended

In this tile you will add all colleges attended and for each entry the degree awarded or in progress, type of term system, and dates of attendance. Include international post-secondary institutions and U.S. institutions you attended that are not regionally accredited.

Step 1: Select Add a College

Colleges Attended

To add colleges, click the Add a College button below. You may update the information in this section at any time prior to submission.

Lookup table includes all institutions, domestic and international with a College Board CEEB code.

If you are unable to find your institution, verify name is entered without abbreviations and matches official name on transcript. If the institution is not found select [? Can't find your school?](#) and complete the degree, term and attendance information.

Step 2: Begin typing the full institution name. The system will display results that match the information. Select the correct matching

Add Your Colleges

Please add all undergraduate, graduate or professional institutions you attended or are currently attending.

You may update the information in this section at any time prior to submission.

Identify whether or not you completed or will complete an associate degree or other degree prior to transfer. If Yes, degree information is asked.

ADT applicants select either an Associate of Arts or Associate of Science and the major/discipline.

Select the term system the institution follows, either semester, quarter or trimester

Identify first and last terms attended.

First semester: select term, month and year. For month select the month classes started.

Last Semester: If you are still attending at the time of the application check the box indicating you are still attending. If you are no longer attending select the last term, month and year. For month indicate the month courses ended.

Once all information is complete you will be able to select Save This College.

Continue to add a new college if you have attended more than one. **All colleges you have attended must be entered.**

2.0 Transcript Entry

Initial admission eligibility determination is made based on applicant reported courses and grades. Undergraduate degree applicants are required to enter all college coursework based on transcript information as it appears on the transcript. Transcript entry for foreign institutions is not required.

In the Transcript Entry tile select Start to begin course entry for a college.

Term: Select the term, beginning with first term attended at that institution

Year: Select the year that corresponds to the term. Only years identified in the Colleges Attended page will appear. If you are still attending the institution, future years display to allow entry of in-progress and planned courses.

Academic Status: Select the status that corresponds to the number of credits completed at the time you began that semester. Status definitions are as follows:

- Freshman 0-29 semester credits
- Sophomore 30-59 semester credits
- Junior 60-89
- Senior 90 or >

Select Completed for terms that are graded. You will be prompted to enter grades.

Select In-Progress / Planned for courses that you are currently enrolled in, or planned for the future term. Enter these courses without grade information.

2.2 Enter course information for the term line by line, following the sequence of the transcript copy you are using for reference. Complete all fields for a course before selecting to add another course. After each line, select 'Add A Course' to continue entering courses for the specified term.

COURSE CODE: Enter Subject and Number code for the course as listed on transcript. As you type in the course, those listed in the ASSIST course tables appear in the drop down list. Select course from the list. If the course does not appear on the list or no list exists, manually enter in the course code.

Examples: BIO 101 Introduction to Biology Biology 3.25 85 or B 85 or B

ENGL1 | Select Subj... | | | | | |

ENGL1
ENGL11

SUBJECT: Select the subject area. In most cases it is the same as the course subject code. This field does not default with a value at this time. **Make sure to select a subject for each course line.** The system will not let you save the page without a subject identified for each course.

If there is no corresponding subject select Special Topics.

Examples: BIO 101 Introduction to Biology Biology 3.25 85 or B 85 or B

ENGL1 | READING | English | 3 | 00 | B+ | B+ | ✓

HIST5 | HISTORY | History | 3 | 00 | C | C | ✓

COM ST11 | Elements of | Select Subj... | 3 | 00 | | | ✓

In the COM ST11 Elements of Public Speaking example, the subject area could be either Communications or Public Speaking. The preferred subject selection is Public Speaking.

The recommendation is to select the more specific subject if available.

CREDITS: Assign credit for each course, entering values for both boxes. In the first box enter whole credit values. In the second box select a fractional credit value from the drop down list.

COURSE CODE	COURSE TITLE	SUBJECT	CREDITS	GRADE	CAS GRADE	TRANSFERABLE
Examples: BIO 101	Introduction to Biology	Biology	3.25	85 or B	85 or B	
ENGL1	Reading ar	English	3	00	B+	B+

COM ST11	Elements	Public Spe...	3	00	A	A
TH ART52	Advanced	Theater	1	50	P	None
TEST123	Test Strate	Special To...	1			

If credits automatically populate from Course Code drop down selection, double-check the values match what is listed on your transcript.

If you manually enter in credit, remember to select a value for the fractional credit box, even if that value is 00.

GRADE: Enter in the grade as listed on your transcript. All attempts and grades should be included.

Tips for determining course transferability:

- California Community College students can use ASSIST.org to view CSU transferability.
- Course numbering system on the back of the transcript or in course catalog often indicates college level, bachelor degree applicable courses.
- CCC course catalog may indicate CSU in the course description.
- Does not include college preparatory or remedial level coursework.
- Check with transfer counselor at community college.

Test Credit and CSU GE

Credit awarded for AP and IB exams noted on the primary college transcript that is used to fulfill one or more of the four required General Education subjects is entered as coursework. This allows the credit to be assigned to GE categories where eligible. Only enter exams awarded credit at your transfer institution. Add test credit to first term of attendance.

Field entry instructions:

Sample entry for AP and IB tests

Course Code: Enter test + abbreviated subject

Course Title: Enter test + full subject description

Subject: Select Test Credit – No Subject

Credits: Enter credits awarded by transfer institution.

Grade: Enter C for all tests no matter the passing score

Transfer: **Do not check Transferable box.** This excludes the C grade from GPA but allows eligible credit for GE designation.

You will still need to enter in AP and/or IB test information in the corresponding tiles in the Academic History quadrant. Test credit is calculated based on reported test scores and not what is awarded by another college or university.

International Credit and CSU GE

California community colleges may certify international transfer credit to meet one or more of the four required General Education subjects, also referred to as the Golden Four. Since coursework entry is not done for international institutions, in order to designate international CSU GE pass-along credit, the applicant must enter the course as coursework under the community college that approved the pass-along.

Sample entry for International Golden Four credit

If the CCC granted equivalent course credit, enter the equivalent course, units and grade of C. **Uncheck the Transferable box.**

If the CCC issued general subject credit, enter the course with course code INTL TR, Course Title of Transfer + subject, units accepted by CCC and grade of C. **Do not check the Transferable box.** Coursework is entered this way only for GE designation and should not be included in transferable GPA for the community college.

Verify all courses for the term are listed with the correct credit, grades and transferable status before saving. If you are unable to select 'Save All' double-check entry, making sure all fields for each course entry have information, including the Subject field.

2.4 Select Add Semester to add courses for another term. Repeat steps until all terms have been entered.

For terms that are in-progress or planned, select In Progress/Planned in the drop down box in the term header. Grades are not required for in progress or planned terms.

2.6 After entering and verifying course entry for a college, return to the Transcript Entry tile by selecting the tile on the left of the screen.

2.7 Select the next institution to enter. Repeat until all college coursework has been entered for all required institutions. Each institution should have a fully green status bar and check mark.

Transcript Entry

Enter transcript information exactly as it appears on your transcript. Your transcript details will be reviewed by a quality assurance team. If there are inaccuracies, your application will be sent back to you, and this will result in delays in submitting your application. All courses must be included, even if you did poorly or later repeated the course. If you have transfer credits, enter these credits from the institution where you originally took the course.

After you enter transcript information for all colleges attended, you will complete Transcript Review. In Transcript Review you will be asked to identify additional attributes about your coursework including Primary College and courses that are Repeated, Advanced Placement, Other Tests, Honors, and Study Abroad.

2.8.2 Identify repeated courses

Select yes if you repeated a course at the same institution to improve/replace a grade and this repeat is reflected on the official transcript. You will be prompted to identify the specific courses.

Transcript Review

Did you repeat any classes?

If you had to repeat any of the courses you entered in your transcripts, then you should select "Yes" below.

Select Your Repeat Courses Below

Identify courses repeated from each college you attended. Mark all attempts to take a course as Repeated including the final attempt. Cal State Apply will include the credits from all attempts in your overall Cal State Apply GPA.

Note: courses should be marked repeated only if repeated at the same institution. If you took a course at one institution and later repeated it at another institution, it should not be marked repeated. Withdrawn courses and courses taken multiple times for new credit (such as physical education courses) are also not considered repeated.

If you indicate 'Yes' to repeating courses first select the institution. Then select repeated courses by clicking on the plus icon next to the courses. Selected courses are highlighted in green with a check mark.

Do not mark repeats for in progress courses, ungraded courses.

To unselect a course, click on the red x to the right.

Make sure the grade entered for the replaced/repeated course was entered with RP. If not, go back to the Transcript Entry tile and edit the grade.

When done, select the 'I am done, Continue' button.
