**Anthony Cazaras 6'4" - 255
from Chula Vista HS 2007-'08**

In '07 Anthony came in from Chula Vista HA. He was doing a good job but because 2 linebackers were down he was switched to LB and became a starter. This year he went back to TE, where he started at the opposite TE to Kyle Hipp when going 2 TE's. What a great job of blocking he did and it looks like he's headed for Northern Arizona on a full scholarship.

He was a great leader, and our captain. He, with his best friend, o-lineMan Matt Gaughen, scholarshiped to Sacramento State. He started and he graduated this fall.

Classic Shot of 3 Griffs at U of Missouri

Groups of players on one team all at once is traditional for Grossmont College players going to universities. The picture above is a famous coach of the past at Missouri with 3 Griffin alumni with him: Number 83, Les Frank was the starting tight end for Missouri that year. Dave Johnston, OL #72, Steve Meyer, DL #54, and Don Buck OL #63 were a part of it all. Things don't change, schools still have years with several Griffins on a squad at the same time. For example, in '04 there were five on scholarship at UNLV, and in '06 there were five on scholarship at SAC State.

Ken Wilson - A Great Alumni Story

Ken Wilson came to us after serving his country in the marines for four years. He was an outstanding tight end his first year as well as an excellent punter and of all things he best punt snapper we've ever had here. He had a knee injury in his first season and had to give up playing TE, but he continued punting and well deserves being in the Hall of Fame. He continued his education and punting at the prestigious Cornell University where he majored in food service management, got his degree and spent some time in NFL camps. Ken is now the CEO for Volume Services American Corp. which serves Qualcomm Stadium. We're proud of Ken's accomplishments.
