

Meeting Minutes of the Academic Senate

Grossmont College

09/30/2019

11:00 AM – 12:20 PM

I	CALL TO ORDER 11:00 am					
	A.	Public Comment	<p><i>Karen Caires</i> This person wanted to bring to light that the gym currently has no air-conditioning. Convocation and students at the beginning of this year used the gym and it was very hot. She is not sure why, but the gym has gone over looked and she would like the senate to address this issue while talking about facility upgrades.</p> <p><i>Michael Jordon-</i> Michael wanted to bring up the fact that enrollment is down and our priority should be to grow enrollment or recruit student. He pitched the idea of a new indoor stadium. We are currently not able to host CIF games, playoff games, all-star games, community events, and youth sports. Our Target should be beyond just our students but also community members. That will get exposure to our school and bring in more students.</p>

This is just in the beginning stages and there are many questions. This may start in the fall of 2021. The goal is so that students could register for a full year and lock in their classes which would mean we would not need to cancel classes. There will be more discussions about the rollout of this.</p>

A.	<p>Program Review (Joyce Fries) Gave us an update from the last division that we reviewed ESBS (English and Social/Behavioral Sciences). Joyce Fries is the chair and Bonnie Ripely is the data liaison. We made some recommendations other than just maintain current programs. We ask the cross cultural studies department to expand and reclassify from program to department. We also asked to divide political science and economics as they are pretty different. Overall recommendations were to continue to train faculty on student equity and success, increase efforts to make online courses a success, actively managing enrollment and keep students informed about services that are available and finally making the SLO process more efficient especially in TracDat. See presentation got what departments are doing to improve. We are asking for a future vote on decreasing the cycle to 5 years instead of six</p>
B.	<p>Facilities Master Plan (Abshier/Bennett) Randy and Jennifer went over the facilities master plan. (See attachment) Asking for AS to rank projects using sheet. This would be based on what students need, what teachers need and with the campus overall needs. Criteria also was discussed. Conversation about what people have in their top of list. Update will be present at future meetings.</p>
