

Grossmont Learning Workshops

Come and learn valuable information from many departments across campus! You can enhance your time at Grossmont College and even prepare for your future!

Here's a step-by step guide to get you registered for these workshops:

- 1) Pick a workshop you would like to attend from the learning calendar on this website: <http://www.grossmont.edu/freshmanacademy/LearningCalendar.html>
- 2) Click on the calendar's 'Register Now' button to go to the website where you will register for the workshop. **NOTE: If the calendar says you need to RSVP to a person instead of the website, just follow those directions!
- 3) Once you get to the Eventbrite page, register for the workshop with your name, email, and student ID.
- 4) Print out your ticket for the event. **Note: You do not need to register again for the event to print your ticket. Just go to the email confirmation you got and print from there! If you've registered more than once, the coordinator will delete the multiple tickets so you just have one.
- 5) Go to the event, and have the presenter sign your ticket.
- 6) Turn in your signed ticket to your instructor to get credit for Freshman Academy.
- 7) If you have any questions, contact Learning Workshops Coordinator, Megan Parry, at Megan.Parry@gcccd.edu, or ask your instructors!

Good luck, and have fun!
