

CCC meeting, April 8, 2013
Notes taken by Jenny Vanden Eynden

Chairs Report:

AFT/CCC meeting about contract changes

Some dates were added to the "Important Dates"

- Online Instructor Forum. Discussing Distance Ed. Also talking about quality issues, may 10, 11am?
- Summer chair and now "special summer projects form" due May 10 (and maybe another date for special reports)

Classified staffing Request, Tim Flood

- In old days, open classified staff positions were auto-filled
- But then hiring freeze, and we thought discussion was needed about changing dept/college needs.
- 3 processes: see handout.
 1. classified staffing committee: new positions, modification of contract, or vacated prior to July 1st, 2008 (5 years old on replacement committee)
 2. Replacement committee. But if on list for 5 years, then it bumps to the classified staff committee.
 3. Emergency Hire committee
- Student hourly tutor, now students need 12 units in the classroom. Can we hire a full-time classified position? Maybe? There is a district-wide hourly taskforce to discuss what is going to work for us in the long term.
- Questions were raised about the emergency hire criteria.
- Contact Tim or Sunny with questions
- Steve Baker is also on classified staffing committee as resource

College Planning Forum

- GC was selected in top 3 by American Association of Community Colleges for planning process linking Vision, Mission and something I missed
- ARC 2.0 data will be presented
- Annual College-wide goal will be selected

Summer hours (forms due on May 10)

- Chris said they are accepting "Special Project" forms, with new due date

Winter Session

- Growth money possible, so winter session is on the table
- Starts Jan 2-3 for 3 weeks
- Different enrollment priorities now
- Last offered in 2009
- Sense of the meeting was that it would be good to have it available for those departments that want to offer it.

Input for the chair on Enrollment Strategies

- Examples of allocating a portion of college wide LED “off the top”: First-Year Experience, Nursing, other programs that need to meet college demand (like cross-discipline prerequisites)
- AOJ is desperate for more LED, Pricilla also wants restoration, Laura wants restoration, other opinions: we are all in need, and by allocating LED off the top to “new” programs
- A list should be made by departments of course that have NOT been offered
- Enrollment strategies could collect college requests for LED, and create a rubric for evaluating those requests
- Joel will send out draft of new charge from enrollment strategies
- Consensus not met; Joel will share the diverse viewpoints of the CCC if/when Enrollment Strategies discusses strategic distribution of LED in the future

Announcement regarding discussion of compressed calendar

- Next senate: possibility of changing to a compressed calendar. Jim Mahler and Lynne Neault from SDCCD

Joint department meetings during Flex Week

- Flex week Thursday, 9-10am: block of time for joint GC/CC dept meetings, rooms, food provided
