### **FEATURED DEPARTMENT – Sue Gonda Cross Cultural Studies**

Sue handed out a brochure about CCS and handout of events. CCS is growing as it is the only interdisciplinary programs on campus. Interdisciplinary is the combination of two or more disciplines or fields of study. They started as:

- \*African American Studies
- \*American Indian studies
- \*Chicano Studies
- \*Women's Studies

Our program is really growing thanks to our part time faculty. They are actually connecting the outside world with our campus by not only teaching these areas, but by mentoring Dreamers Club, Puente training and chairing for the ECLP in Arts, history and culture.

There is now a cultural communication certificate that can be obtained from taking two communication courses and a CCS class. This is an excellent certificate to have on a resume for employment. (Please See Attachment for More Information)

April meeting will be Derek Cannon from the music department

### **Volunteer Month**

Cathy Miller teaches in the English Department and coordinates the community services learning program at Grossmont. Community Services Learning is a teaching methodology where students are paired with services work in the community and is complimented with the curriculum. It is learning by doing. This helps grow our campus community too. Students are working locally with Immigrant and refugee community to get them college ready. On campus our students are doing service by being ESL conversation partners, helping students to build their language skills and help

grow the student community.

We have a CLS Fig group that are working on cultivating more ideas, so if anyone in your department is interested in joining this group they meet three times a year, please contact Cathy at [Cathy.Miller@gcccd.edu](mailto:Cathy.Miller@gcccd.edu)

April is Volunteer Month coordination with Student affairs our CSL group has coordinated several volunteer opportunities for the campus community. Please encourage your students to volunteer to get our students engaged.

### **Informational Items**

1. We will be inviting Lorenze Legaspi to our April meeting to go over the budgets.
2. We will be inviting Courtney Williams to do a presentation on SSSP in May
3. Bonnie Ripley our Data Liaison is continuing to develop new metrics of Data. If there is a need for more information please send an email to Chris Tarman. If there is a lot of feedback that needs to be discussed, we will have Bonnie come for the CCC to talk about the different data.

### **Guidelines for Election of CCC Chair**

The verbiage of the Grossmont College Election Procedures for the Council of Chairs and Coordinators was revisited. There were some changes made to the document in response to feedback from the members. Please see the final paper for the changes. (See Attached)

### **Clarifying CCC Voting Membership**

CCC discussed who had voting privileges which Chairs and which Coordinators. Most agreed that it should go by the verbiage 4.2 and 4.3 of the AFT contract. Judd will review and update this. We would also like to think about adding people that are not part of the contract, but would have a great contribution to our voting. This could include coordinators of programs that regularly attend and participate in CCC meetings. The voting member list doesn't necessarily have to coincide with the CCC email distribution list.

**Updating the CCC Charge**

Discussion of updates to the CCC charge to include meeting times -- the CCC will meet the 2nd Monday of each month at 11:00 am and there are no meetings in June, July August, December and January. We will eliminate the 4th "Friday" as needed, but to just be 4th meeting as needed.

**AFT Sponsored Chair & Coordinator Caucus**

We are trying to make a meeting that could be twice a year and we came up with the AFT Sponsored Chair and Coordinator Caucus. This meeting will hopefully help Chairs and Coordinators work on some issues more in-depth than what can be dealt with in the CCC. The first meeting will be on April 24 at 11am-12:15 in room 38B-342

**FTES**

We did not have enough time to go over these numbers, but Judd supplied a lot of information so that we can have a discussion in the future and if you have any questions you can contact him.

**Adjourned at 12:21pm**
