Prerequisite Clearance Information

Prerequisite clearance requests should be requested two weeks prior to your registration date.

- Requests require a minimum of 2 weeks to process.
- Required prerequisites are posted in the [Grossmont College catalog](#).
- Requests will be processed in the order in which they are received
- Please read all the information below before sending your request.

Clearing the Bio 141 pre/co-requisite for Biology 141L

- A. The Bio 141 pre/co-requisite will clear automatically for students who have successfully completed either
- Bio 141 at Grossmont College OR Cuyamaca college. Please contact Admissions and Records if you have completed Bio 141 at Grossmont or Cuyamaca Colleges and are being blocked by WebAdvisor.
- B. The Bio 141 pre/co-requisite can be cleared for students with an earned Bachelor's or higher degree in Biology, please send evidence of your degree award to BOTH Biology CoChairs
- Professor Shina Alagia: shina.alagia@gcccd.edu
 - Professor Craig Milgrim: craig.milgrim@gcccd.edu

For students who have successfully completed a Bio 141 equivalent course at a California Community College, CSU, UC or an out of state accredited college/university PLEASE READ AND FOLLOW THE INSTRUCTIONS BELOW.

Bio 141 equivalent courses must have, at a minimum, the following characteristics.

1. 3 semester units (or the equivalent): 3 units of lecture
2. Lecture units must be equivalent to 48 contact hours or more.
3. Must have a Bio 120 or similar pre-requisite OR be an upper division Human Physiology course
4. Cover content similar to Biology 141.

Submit the following information by email to BOTH Biology CoChairs

- Professor Shina Alagia: shina.alagia@gcccd.edu
- Professor Craig Milgrim: craig.milgrim@gcccd.edu

1. Your full name as registered and your Grossmont College ID.
2. The name of the College/University where the course was taken
3. The course name and number for the Bio 141 equivalent course.
4. Number of Semester(s) or quarter(s).
5. A direct web link to the course's description in the catalog of the college where the course was taken.
 - A. If a direct link is not possible, send a link to the catalog and include the catalog page number for the course description.
6. Additional information, such as lecture schedule, may be required to confirm course content if the description is insufficient.
7. The year the course was completed.
8. ATTACH: A copy of unofficial transcripts listing the course and grade.
9. Equivalency evaluations take a minimum of 2 weeks.
10. Requests for expedited reviews will not result in a faster response.
11. Failure to submit any items will increase the time for evaluation.
