

Scholarships:

Each California Community College will be able to award one California Community College Scholarship a year to the student of its choice. Keeping in mind that one criterion for the scholarship is academic merit, the president of each college will have discretion to determine any other criteria that may be deemed appropriate (e.g., leadership, special needs, membership in an underrepresented group, first family member to attend college, etc.).

(Contact the Grossmont College Financial Aid Scholarship Specialist for more information.)
